(54) Title: SECURITY ARRANGEMENT

(57) Abstract: A security arrangement (10) for application to a support. The security arrangement (10) comprises a carrier (12). A first layer (14) of a first material is provided on the carrier. The first layer (14) defines an affixing region (16) substantially devoid of the first material. A second layer (18) of a second material is provided on the first layer (14). An affixing portion of the second layer (18) adheres to the carrier (12) via the affixing region (16).
